

# *Year of the Earth Dogs*

## **This is the Year of the Earth Dog.**

Eddy and I got a beautiful Dog in July 2017. His name is Tank. He is an exotic breed called a Brahma Bully. We play with his name and get many new Tank names:

- Tank-s-A Lot
- TanksAlot
- TankFull
- Think Tank
- TankU
- TankQuility
- Tank for the Memories
- Tank XXXI
- Tank Goodness

He was hit by a car when he was 7 months old. It broke his hip and opened his front leg all the way to the bone. Because of his injuries he had to stay in a 24-hour care hospital for a week before surgery. The surgery they wanted to do seemed extreme but we said many prayers and followed the Dr's plan. Today he is so good. You can hardly tell he's gone through so much. Each of these dog heads is a prayer for Tank's recovery.

The Groupings are:

- The Watch Dogs
- The Junk Yard Dog and his Crew
- The Hot Dog and Her Society of the "Upper Tens"
- The Wild Trainer Lady Henrietta
